Company:

Project reference:

Date of your inquiry:

Purpose: New pumping station to be create

Replacement of existing pump

Pumped liquid : Clear water Salt water Brine brackish water

Temperature : °C Salt concentration: g/l

Flow rate: m³/h or l/s

Geometric discharge head above installation level: (m)

DN internal discharge line (mm): Discharge line length (m):

Functioning: 24-hour Intermittent Hours/ day:

Power supply: network (V) (Hz)

Self-powered units: Solar Thermal

Required pump material: Galvanized steel Stainless steel Thermoplastic

Comments:

Mounting type:

Discharge above laying plan

Discharge under laying plan
